

ACKERMANN COLLEGE OF CHIROPRACTIC

Information about Dr. Ackermann's Intensive Course

“Structural Osteopathy and Soft Chiropractic”

Dear Colleague,

Thank you for your interest!

Dr. Ackermann's chiropractic seminar is a special course in clinical practice for therapists having a basic knowledge of anatomy and physiology, i.e. doctors, physical therapists, rehabilitation therapists, etc. This intensive course, which is based on 40 years of research and clinical experience, lasts for five days.

We work in small seminar groups of around six students per course.

The main focus of the course is the individual training offered involving palpation of blocked vertebrae, test programs and 'Instant Reflex Phenomena' and the practicing of goal-oriented treatment methods - every chiropractic adjustment is practiced until memorized... The course schedule also includes theoretical instruction covering Anatomy, Biomechanics, Pathophysiology, and x-ray diagnostics.

After completing the course, you will be able to immediately apply this therapy in your clinical practice with great success. Your expectations will be vastly exceeded.

Sincerely yours,

Paul W. Ackermann

M.D, Ph.D

Specialist in Orthopedic Surgery

ACKERMANN COLLEGE OF CHIROPRACTIC

APPLICATION FOR COURSE ATTENDANCE

To: ACKERMANN INSTITUTE, STUREGATAN 50
SE-114 36 STOCKHOLM, SWEDEN
PHONE +46-8-662 0402, FAX +46-8-661 2005

I wish to attend the intensive course “Goal-Oriented Chiropractic Diagnoses and Treatment Methods” from to at the Ackermann Institute, Stockholm. I understand that after passing an examination that a certificate will be granted. Also, that advanced training is possible for those who have passed the basic course and who have then clinically practiced for at least six months using the Ackermann Method. And, that having passed both theoretical and practical examinations, it will be possible to be granted a diploma: “Master of Chiropractic”. I also understand that the knowledge learned in the courses will be used solely for my own professional clinical practice and not imparted to a third party without written permission from the Ackermann Institute. The judicial site will be Stockholm. Attendance will be binding following a positive reply from the Ackermann Institute. In cases of illness, applicants will be allowed to cancel and receive full repayment of the course fee. Other compensation claims cannot be honored. The attendance is limited, because we wish to ensure that each participant fully understands the treatment program.
